EDUCATION

Cornell University, Brooks School of Public Policy & Duffield School of Engineering — **Ithaca, NY**
Bachelor of Science in Public Policy, Mechanical and Aerospace Engineering — *Expected May 2029*

- DC Start Scholar: Selected for Cornell's inaugural DC Start cohort for policymaking, learning from government officials and experts.

WORK EXPERIENCE

Cornell Rocketry Engineering Project Team — **Ithaca, NY**
Structures Engineer — *September 2026 – Present*

- Fabricated composite airframe components through mold preparation, material layup, and post-processing to produce lightweight sections.
- Designed the rocket's airframe, evaluating composite construction and tolerances using Ansys to ensure structural integrity during flight.

The Statler Hotel — **Ithaca, NY**
Bellstand & Front Desk Liaison — *September 2026 – Present*

- Coordinated with other front desk staff to manage guest arrivals, departures, and luggage assistance, supporting efficient hotel operations.
- Provided valet parking and vehicle retrieval while assisting guests with transportation requests and providing attentive, professional service.

University of Southern California | The Space Engineering Research Center (SERC) — **Marina Del Rey, CA**
Engineering Research Assistant — *May 2026 – August 2026*

- Designed mechanics and CAD models for FloatBot and Optical Reef prototype using NX, supporting simulation of space system dynamics.
- Used Ansys finite element analysis (FEA) to conduct a frequency analysis on multi-node assemblies of an Optical Reef telescope prototype.

Cornell Tech Policy Institute | Space Security Hub — **Ithaca, NY**
Junior Fellow/Researcher — *February 2026 – Present*

- Examined policy research on space governance, commercial regulation, and national security implications of emerging space technologies.
- Synthesized policy, market, and regulatory research on space governance and emerging technologies to identify strategic risks and opportunities.

Cornell University Sustainable Design Engineering Project Team — **Ithaca, NY**
Analyst & Marketing Staff — *February 2026 – August 2026*

- Developed digital tools for local businesses, including a booking system to streamline appointment scheduling and customer management.
- Supported local business growth through marketing initiatives and strategies connecting businesses with customers via public transit networks.

FUSD Superintendent's Advisory Council & Equity Council — **Fontana, CA**
Student Chair — *March 2024 – May 2025*

- Developed a proposal to integrate Career and Technical Education programs into low-income schools, directly benefiting over 100 students.
- Collaborated with educators and administrators to implement policies that reduced opportunity gaps and improved education in the district.

SkillsUSA California — **California, USA**
State Officer — *April 2024 – April 2025*

- Collaborated with a team of six officers to plan and execute statewide SkillsUSA events attended by 5,000+ participants across California.
- Spearheaded targeted initiatives to establish CTE programs in underprivileged schools, expanding vocational and technical education access.

Claremont McKenna College — **Claremont, CA**
Research Assistant — *September 2023 – August 2025*

- Collaborated with a biophysics professor on a research paper by implementing Python code that improved model stability and accuracy by 15%.
- Conducted literature reviews and gathered statistical data on opinion dynamics and confirmation biases to support ongoing academic research.

Huntington Library and Botanical Gardens — **San Marino, CA**
Art and Garden Cart Volunteer Lead — *August 2022 – May 2025*

- Directed and facilitated educational activities at the art and garden carts, engaging over 500 children and visitors in interactive programming.
- Delivered detailed information to visitors about the Huntington's artwork and history, significantly enhancing the overall visitor experience.

EXTRACURRICULAR ACTIVITIES

Cornell Media Guild | WVBR — **Ithaca, NY**
Corporate Secretary — *March 2025 – Present*

- Maintained and distributed official meeting minutes for all Guild, Board of Directors, and executive sessions; ensured compliance with the corporate constitution, and its policies; managed FCC filings and public station records; supported staff administration.

Cornell Daily Sun | Arts & Culture — **Ithaca, NY**
Staff Writer — *March 2025 – Present*

- Wrote and published articles covering arts, culture, music, film, and campus events for a nationally recognized and widely read student newspaper.

Applied Public Policy Strategies | Technology and Infrastructure Center — **Ithaca, NY**
Analyst — *February 2025 – Present*

- Led research and strategic initiatives to deliver data-driven policy recommendations on sustainable aviation for key government and industry stakeholders.

Cornell Fashion Collective — **Ithaca, NY**
Business Operations Specialist — *February 2025 – Present*

- Coordinated inventory, volunteer assignments, event setup, and cross-team communication to support the planning and execution of Cornell Fashion Collective's annual runway show.
